

# GHENADIE BUJAG

## Frontend Developer

### OBJECTIVE

A passionate and dedicated React developer with hands-on experience building web applications using ReactJS. Committed to producing high-quality, user-friendly, scalable, and maintainable web solutions. Seeking a junior developer position to further hone my skills and contribute to the team.

### PROFESSIONAL EXPERIENCE

#### Junior Front End Developer

Jan 2023 – Nov 2023

Eutech Engineers

- Developed user-facing features using HTML, CSS, JavaScript, and React, improving interface responsiveness.
- Created a React/Redux component library, significantly cutting development time for future projects.
- Contributed to UI/UX design, resulting in a 30% boost in user satisfaction.
- Optimized applications for speed and scalability.
- Collaborated on API integration with backend teams, enhancing feature interoperability.
- Resolved cross-browser compatibility issues, ensuring consistent user experiences.

### NON RELATED WORKING EXPERIENCE

#### Digital Marketing Manager

Feb 2019 – May 2019 | France

ComparaBUS | Internship

Analyzed clients and managed partner portfolios. Led SEO content and keyword strategies. Managed AdWords campaigns.

#### Project Manager Intern

Dec 2021 – Mar 2022 | Poland

AGH University of Science and Technology | Internship

Managed diverse projects, demonstrating adaptability and effective use of project management methodologies. Focused on aligning project outcomes with stakeholder expectations.
